All entries must be accompanied by a bona fide certificate, signed by the breeder of the steer, indicating the breed of sire and breeder. Month of birth should be indicated also, if known.

D. MOUTHING -- All steers will be mouthed by competent veterinarians, and if not previously tattooed will be appropriately marked at the show.

Junior Yearlings may have lost their 2nd pair of incisors but the 2nd pair of permanent incisors should not show signs of extensive wear. The remaining four temporary incisors should be firmly in place.

Summer Yearlings may have the two center temporary incisor teeth replaced by permanent incisors. The remaining six temporary incisors must be in place and there may be no evidence of eruption of any permanent incisors other than the centers.

Senior Calves must have all eight temporary incisor teeth in place. There may be no evidence of eruption of any permanent incisors.

Junior and Summer Calves must have all eight temporary incisors firmly in place. There may be no evidence of eruption of any permanent incisors.

E. TAMPERING AND MISREPRESENTATION -- Any artificial means of removing or remedying the physical defects of conformation in exhibition cattle, such as cutting ties or lifting and filling under the skin will be considered as fraud and deception. All animals giving evidence of such treatment will be barred from competition at the North Dakota Winter Show. Misrepresentation of the age of an animal will be considered in the same light.

In the steer classes these regulations will apply, but a tie shall not be regarded as a defect unless it is of such nature as to mar or injure what would otherwise be a prime carcass.

When satisfactory evidence has been obtained by the Winter Show management that this rule has been violated, the exhibitor, his herdsman, his manager, or all of them may be barred from showing in any classes in the North Dakota Winter Show and reinstatement may be made only by a majority of its Board of Directors. In case any premium shall have been awarded to animals shown in violation of this rule, the Winter Show Management will immediately request the exhibitor to refund all premiums, moneys, cup, trophies and ribbons awarded to such animals.

1964 FUTURITY

The record, listed below, indicates the balance of the four breeds that has been maintained during recent years. This year's entries are consigned by 104 breeders.

1964 FUTURITY JUDGES

Mr. Paul Potter, Manager of the Melbourne Farm from Big Rock, Illinois, will make his first appearance to judge the Shorthorn Senior and Junior classes.

Mr. Merle R. Light, Associate Professor at North Dakota State University, will judge the Charolais classes this year.

Mr. Percy Upton, formerly Herdsman for the Hartley Stock Farm and Angus breeder from Madison, Nebraska, for the past several years will return to North Dakota to renew old acquaintances and to place Angus in the Junior and Senior Futurity.

Mr. Gene Wiese from Manning, Iowa, will make his first official trip to Valley City Winter Show to judge the Hereford Junior and Senior classes. Mr. Wiese is a member of the Hereford Breeding Firm of the same name that has entertained the Livestock Judging Team while they were enroute to judging contests for many years.

SPECIAL AWARDS

The American Shorthorn Breeders' Association will increase the amount of each local Futurity premium in the Shorthorn classes by 50%. The American Aberdeen-Angus Breeders' Association limits its contribution to \$850.00 and the addition to individual local premiums in Angus classes will be somewhere between 40% and 45%. The American Hereford Association, Hereford Drive, Kansas City, Missouri, pays 20% of the total premiums of \$5.00 or more offered for registered Hereford breeding cattle. The Association's share will be mailed directly from their Kansas City Office. Therefore, the Hereford premiums listed on page six will be increased by 25%.

The North Dakota Winter Show will award a belt buckle to herdsman from each breed, judged to be the best housekeeper. Appearance of cattle, stall and alleys will be considered. Owner herdsman are eligible as well as professional herdsman. Each exhibitor is to indicate who is to be considered herdsman in charge.

The Angus premier exhibit award will be given by the North Dakota Angus Association to the breeder who presents his cattle in the best possible manner.

The McGregor Memorial Trophy will be awarded to the exhibitor of the Champion Futurity Angus Bull.

The Marjoribanks Traveling Trophy will be presented to the exhibitor of the Champion Futurity Angus Heifer.

RULES AND REGULATIONS
FOR
NORTH DAKOTA JUNIOR FUTURITY
PURPOSES OF THE JUNIOR FUTURITY

1. To encourage farm boys and girls so inclined to establish the foundation for a future purebred herd.
2. To give such boys and girls competent assistance in securing high quality heifer calves.
3. To provide an incentive to do a good job with the calves, to secure the advantages of friendly competition, and to furnish inspiration to members and show spectators by providing for a state-wide showing of the calves.
4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and breeding problems.
5. To promote better-paying cattle production in North Dakota.

RULES AND REGULATIONS

1. Membership in the Junior Futurity is open to 4-H club members and FFA members enrolled in beef breeding projects in North Dakota. Once a member, always a member, until age requirements of the 4-H and FFA bar further participation.
 - a. When a Junior Futurity member has won a Grand or Reserved Champion award with any breed twice, the member is no longer eligible to show in the Junior Futurity except the progeny from previous Junior Futurity heifers but is encouraged to show in the Senior Futurity.
 - b. Junior Futurity member must show his own animal unless he has received prior approval from the Junior Futurity managers to use a substitute to show his animal.
 2. To be eligible for exhibition in the Junior Futurity state show the calf must:
 - a. Be a purebred Aberdeen-Angus, Hereford or Shorthorn heifer, born on or after May 1, 1962 and before May 1, 1963, be eligible for registration and bred by the member, or by a North Dakota breeder, or purchased in dam.
 - b. Be in possession of the member by November 15, 1963.
 3. Progeny from Junior Futurity heifers of past years may be exhibited:
 - a. Female progeny may be entered in the regular Junior Futurity classes for heifers.
 - b. Male progeny, born on or after May 1, 1962 and before May 1, 1963, may be entered in a special progeny bull class.
 4. Members are restricted to an entry of one calf in the heifer class, unless additional entries are female progeny from previous Junior Futurity calves. In this event, the one calf restriction does not apply. In the bull progeny class, no restriction on number of entries is applicable. After a progeny animal has been shown once in the state show, it cannot be entered again.
 5. Entries in the Junior Futurity classes must be made by November 15, 1963 on entry forms which may be obtained from county extension agents or instructors of vocational agriculture, and are to be accompanied by an entry fee of \$1.00 per head. Four-H club entries are to have the prior approval of county extension agents, and FFA entries are to have the prior approval of instructors of vocational agriculture.
- Note: Entry fees (\$1.00 per head) and completed forms for 4-H club members are to be forwarded by county extension agents to: Craig R. Montgomery, Assistant Director for Youth, North Dakota State University, Fargo, North Dakota.
- FFA members' entries and entry fees are to be forwarded by vocational agriculture instructors to Winston H. Dolve, Assistant State Supervisor of Agricultural Education, North Dakota State University, Fargo, North Dakota.
6. Registration papers showing that ownership of entry is recorded in the member's name only are to be presented by members to the Junior Futurity managers prior to the Junior Futurity Show.
 7. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

PICTURES FOR BLUE RIBBON WINNERS

The North Dakota Farm Bureau, The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional live-stock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing.

BEST STALL EXHIBIT

A sterling belt buckle will be given to the Junior Futurity exhibitor that has the best appearing stall for each breed. To be considered will be daily cooperation, neatness, decoration, cleanliness and grooming of the calf. These awards are given by the North Dakota Hereford Association, the North Dakota Shorthorn Association and the North Dakota Angus Association.

JUDGING PROCEDURE

The Group System of judging will be used in the Junior Futurity. The blue ribbon group will also be lined up numerically. Factors determining the groups into which each will be placed are: size for age, condition, quality, breed character, type and conformation.

Blue group calves will be those considered highly desirable for foundation stock in the establishment of purebred herds. Red group calves will be those somewhat less desirable for foundation animals, yet satisfactory for the most part. White group calves can be considered more or less wholly unsatisfactory for foundation animals. With the latter, the road to top quality breeding herds is too slow and often disappointing.

Following classification into the three groups referred to above, all blue group calves will be returned to the judging arena. The judge will then select any truly outstanding calves and these will be designated Purple group calves.

Purple group calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

JUNIOR FUTURITY PREMIUMS

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amount depending upon whether blue, red or white group placings are won. In addition, each exhibitor wins a ribbon - blue for blue group placing, red for red group and white for white group. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete, the individual awards cannot be determined by the Futurity managers.

A registered Shorthorn heifer will be awarded by Borsota Farms, Waubun, Minnesota, to the exhibitor of the Champion Shorthorn heifer in the Junior Futurity.

UNION STOCKYARDS LIVESTOCK MARKETING AGENCIES PLAQUES

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Commission Company, Montgomery & Sons, Sig Ellingson and Co.

TERMS AND CONDITIONS

Each animal will be sold to the highest bidder without reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale - but at the purchaser's risk and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

TERMS - CASH - Unless otherwise arranged prior to the sale.

With cattle of this age limit, it is considered that the purchaser is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is completed. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and any further guarantee will be between buyer and seller.

The following guarantee is recommended for the buyer and seller:

1. All claims should be submitted in writing to the seller within six months.
2. In the case of bulls, the buyer shall give the bull an adequate trial and have him inspected by a veterinarian at buyer's expense.
3. Seller shall have privilege of trying bull after his return before making any adjustments.

STANDARD GUARANTEE

OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

An intensely bred Eileenmere bull. The sire of the dam, Craven's Cap Revolution 3d was also one of the large bulls of his time. Sons and daughters of Eileenmere T 2d are the producing kind. A son of "T 2d" has been doing a good job in the herd of Henning Peterson of Steele. Half brothers by "1651st" have constantly topped Brandon Winter Fair sales. This is potent blood and we recommend this bull for the job we expect him to do. Production tested.

Here is getting back to foundation stock. His grandad, being one of the top cutting horses has put some sense in his head. This past season he was shown in halter poles, barrels, used for roping and won the N. D. H. S. A. reining. If you're looking for a winner look him over and don't pass him up. Spirited but very gentle. Has a star and white hind socks.
